Jean-François **STICH**

Professeur permanent

ICN Business School / ICN Business School

ORH

Dr. Jean-François Stich est Professeur Associé à ICN Business School (France), membre titulaire du CEREFIGE, laboratoire de recherche en Management de l'Université de Lorraine (France), et responsable adjoint de l'équipe de recherche Organisation Ressources Humaines du CEREFIGE. Il possède un PhD en Management de Lancaster University Management School (Royaume-Uni), un Master en Business Management de l'EDHEC Business School (France) et un MSc en Comportement Organisationnel d'Aston Business School (Royaume-Uni). Ses intérêts de recherche portent sur l'impact psychologique de la technique au travail, couvrant des thèmes tels que le technostress, les interactions virtuelles, la cyberdéviance, le télétravail, ou les équipes virtuelles. Il a publié dans Information Systems Journal, Journal of the Association for Information Systems, Information Technology & People, New Technology, Work and Employment, et Journal of Organizational Effectiveness: People and Performance. Plus d'informations ainsi que des liens vers ses réseaux sociaux sont disponibles sur son site www.jfstich.com.
